

GLAD TO SPREAD GOOD NEWS

Helped by Lydia E. Pinkham's Vegetable Compound

Cleveland, Ohio.—The friends of Mrs. Helen M. Kowalczyk of 6319 Hope Avenue were glad to hear that she has regained her health. For quite some time Mrs. Kowalczyk was quite ill and it was impossible for her to work. She took Lydia E. Pinkham's Vegetable Compound to build her up. After she had started taking it, she wrote to the Pinkham Company as follows: "I certainly trust Lydia E. Pinkham's Vegetable Compound. I feel stronger already and sleep soundly. I am very glad to spread the good news of how it has helped me."

Detroit, Michigan.—"I heard of this medicine through an advertisement in the Detroit News," wrote to Mrs. Grace Gilman, whose letter was published. Then I started taking the Vegetable Compound and got the best results. I used the Banative Wash, too. I am really happy if I can advise women to take your medicine."

—Miss M. E. Mansur, 12163 Washburn Ave., Detroit, Mich.

Lydia E. Pinkham's Vegetable Compound has been in use by women for over fifty years. It is a vegetable tonic made from roots and herbs and is sold at all druggists.

VOGUE FAVORS SOFT-LINE SUITS; SELF-TRIMS FOR THE FELT HAT

THE task of selecting a new spring costume isn't going to be a task at all. It's going to be a delightful experience. Couldn't be otherwise with everything pertaining to the vogue so joyously springlike in material, coloring and styling. Even the most blasé fashion connoisseur is due to find thrills in the doling of the mode this season. At sight of the gay togs for spring one's spirit just naturally tunes into a spring song of gladness and appreciation for the styles that be.

Along with the rest of our apparel the tailored spring suit has departed from the severity of its ways, having taken on marvelous pastel coloring while both materials and styling are

distinctly novel. If course one may wear a man-tailored navy cloth suit and be up to the foremost rank of fashion, for there is a revival of navy this spring, but one may also wear a "dusty" mauve or an almost green, a look de rose or some equally as desirable pastel colored tuxedo tailcoat and be attired quite as much to the mode's liking.

In the new mode there is a tendency to feminized tailoring which is most flattering in its colorful soft lines. Analyzing the chic suit in the picture from the standpoint of color, firstly, it has color fascination being made of a pastel pink and coral faced in two tones of green of the almost exact. Secondly, with it is worn a tuxedo which is of a pastel pink

that at regular intervals, then twist log each narrow strip under a row of firm stitching. The small hat in the left below shows how highly decorative this self-trim is.

The third hat is interesting because it is finished in a tailored way with three self-trimmed bands, some as are employed on the cloth tailcoat.

In season interest is manifested in fastidious cut work. Modernistic design is carried out in widely spaced and light-colored patterns. Also pastel colors are expertly decorated with a way painting done in nature's coloring. Fastidious work, the evening dress with gold thread, vests the felt made very attractively.

In answer to spring's call for snow, a pretty compromise is made in that hosiery and crinoline elements have been done of felt with an all-over applique of felt. But quite the crown. Some milliners are using felt shapes as a foundation for other flowerwork and beaded decorations.

EVERYDAY FOODS

When you have a nice slice of ham and wish to serve it a little different, try:

Ham en Casserole.

Take a thick slice of ham, wipe and remove the outside edges of fat, put into a frying pan, cover with cold water and let stand for several hours. Prepare sufficient potatoes thinly sliced, for the family. Put a thick layer of potatoes in a casserole and cover with the ham. Pour over enough milk to cover the potatoes and cover. Cook slowly in a moderate oven for two hours. Season with pepper and salt if needed before taking from the oven.

Angel Food Pudding.

When fresh eggs are plentiful, this makes a delightful pudding and it is not expensive. Bake an angel food in a large sheet. Cut into rounds or ovals and dip in fondant and cool. Serve with crushed strawberry sauce, fresh or canned. If canned, the juice may be strained and the sauce thickened a little with flour and butter cooked together.

Belmont Mince Chicken.

Melt one-fourth of a cupful of butter and add one-fourth cupful of flour, stir until well blended, then pour on gradually while stirring, one and one-half cupfuls of chicken stock. Bring to the boiling point, season with one and one-half teaspoonfuls of salt and a teaspoonful of paprika. Add one cupful of cream, one cupful of minced chicken, two-thirds of a cupful of cooked sweet breads cut into cubes, one-half tablespoonful of truffles or chicken livers finely minced. Let stand in a double boiler to heat. Serve in a dish garnished with a border of mashed potatoes; brown in the oven before serving.

Orange Pie.

Bake a shell of rich pastry and heap into it sliced oranges that have been standing in sugar until well sweetened. Cover with whipped cream or floating island and serve. The juice from the fruit will need to be drained. For shortcake, the juice will be sufficient to moisten the cake well.

Apple Pancakes.

Mix and sift to gether two cupfuls of flour, four teaspoonfuls of baking powder and one teaspoonful of salt. Add one and one-fourth cupfuls of milk, one tablespoonful of fat, two tablespoonfuls of sugar, two beaten eggs and one cupful of grated tart apple. Bake the cakes and stack them, spread with butter and grated maple sugar between the layers. Serve very hot.

Egg and Tomato Luncheon Dish.

Remove six slices of bacon cut into small pieces and pour over it, one one can of tomato soup. When the mixture simmers, break four eggs into it and let them poach until firm. Remove the eggs to a platter, pour the sauce around them and garnish with parsley or bits of sweet pickles.

Fruit in the Diet.

The importance of fruit cannot be overestimated. The natural fruit is always preferable and usually more digestible. When cooked it gives variety and that is always an important factor.

Apple Snow.

Pare and quarter tart apples, add boiling water and cook until tender. Press through a sieve. To two cupfuls of the pulp add one-half cupful of honey, the juice and grated rind of half a lemon. Heat to the boiling point, add one and one-half teaspoonfuls of granulated gelatin softened in one-third of a cupful of cold water, stir until the gelatin is melted. Chill and when the mixture begins to thicken add the stiffly beaten white of two eggs and beat with a Dover beater until firm. Turn into a mold and when firm serve surrounded with cream or halved custard.

Compo of Bananas.

Make a syrup of sugar or honey and half a cupful of water. Peel and scrape two or three bananas, then cut them into thin slices, add to the syrup and boil, shaking the pan to have all slices equally cooked. Add a little grated lemon or orange rind for flavor. Slice the banana slices to a plate as they soften. When all are cooked continue to half the syrup and then, cool and add the banana slices and serve with whipped cream.

Fruit Salad.

For each serving take a slice of pineapple, the pulp of one-fourth of a grapefruit, half a canned pear, three fresh leaves of lettuce, two tablespoonfuls of olive oil and one-half cupful of a vinaigrette each of salt and pepper. Arrange the fruit on the lettuce, first the pineapple, then the pear and last the grapefruit. Pour over the fruit and serve at once. Chill the dressing with a bit of ice while waiting. Garnish with a cherry.

Salads mixed with potato.

Chopped and boiled potatoes, when served with sweetened whipped cream, make a very good emergency treat.

Don't Risk Neglect!

To Ignore the Early Warnings of Kidney Trouble Is Serious and Often Fatal

ONE'S health depends upon one's kidneys. The kidneys must filter every drop of blood. If they fail to properly do this work, there's a poisoning of the whole system. Then comes backache, dizzy spells, bladder irregularities and loss of vitality. Why wait? Why not use Doan's Pills? Doan's have helped thousands. Ask your neighbor!

A Massachusetts Case

John Hisslop, cooper, 47 Chestnut St., Woburn, Mass., says: "My back was so weak and lame and every time I stopped, a sharp catch seized me in my back. Nights I could hardly turn in bed, the pains were so intense. My kidneys acted so freely I had to get up often to pass the secretions. Doan's Pills drove every symptom away. The benefit has been lasting."

"Those bilious headaches can be prevented"

"I know how agonizing they are. For years I was a chronic sufferer. And the headaches were not the worst part of it. The strong drugs I used to take to relieve the pain upset my stomach and slowly but surely undermined my general health. Finally I found out that my headaches were due to constipation. My doctor advised Nujol. After taking it regularly a few weeks the trouble disappeared. Since then I have never had another headache. There is no reason why I should, for the cause has been corrected."

Nujol Corrects Constipation in Nature's Way

Constipation is dangerous for everybody. Nujol is safe for everybody. Nujol simply softens the waste matter and thus permits regular and thorough elimination without overtaxing the intestinal muscles. Medical authorities approve Nujol because it is gentle, safe and natural in its action.

You can take Nujol for any length of time without ill effects. Nujol is possible only when elimination is normal and regular.
